KABLA YA

Kupika • Kula • Kumsaidia mtoto au mgonjwa

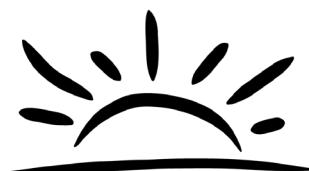

BAADA YA

Kupika • Kula • Kumsaidia mtoto au mgonjwa • Kutoka chooni • Kupenga makamasi • Kutumia mikono kukinga chafya au kikohoz • Kushika maeneo mbali mbali ya umma

KWA NINI?

Safisha mikono ili kuzuia kuenea kwa virusi hatari, bakteria na magonjwa mengine! Kila mmoja ushika vijidudu hatarishi mara nyingi kwa siku. Hata WEWE ukiwa na afya imara, unaweza kuhatarisha afya za watu wengine na jamii nzima kwa kusambaza vijidudu vilivyo mikononi mwako.

Tuzingatie Usalama wa Afya ya Jamii Yetu!
